Ver—, insep. prefix. to verbs and the nouns and adjectives derived from them, to which

it adds the idea of *removal, loss, untoward action, using up, change, reversal* etc. Its general force will be gathered from the following examples; das Mehl ver=backen, *to use the flour for bread* etc. (idea of using up); die Karten ver=geben, *to make a misdeal* (Cards.) (idea of doing something wrong or amiss); ver=brausen, *to cease to roar* (idea of cessation); achten, *to esteem*, ver=achten, *to despise* (idea of opposite of that which is denoted by the simple verb); ver=plaudern, *to pass* (the time) *in chattering* etc. But frequently it is used to form verbs from nouns, adjectives and other verbs, without any special meaning attached to the prefix., e. g. ver=ursachen, to cause.

Verabfolg—en, v.a. *to deliver, send, remit; to surrender;* —en lassen, *to give up, surrender;* nicht —en lassen, *to retain, keep back;* er will es nicht —en lassen, *he won't let it out of his own hands.* **—ung,** f. (pl. —en) *delivery; remitting.*
